() C F&GC Committees Description:**

Communications - The committee publicizes the events of the club including fundraisers as well as the projects. Members create posters, flyers, emails flyers and work on Facebook. Publicity and computer skills are helpful for this committee. Social media skills would be wonderful.

Hospitality - All members are part of the hospitality committee by providing lunch with a team each meeting. Members are responsible for hospitality once a year or hosting a meeting in their home.

Scholarship - the committee reads the scholarship applications and chooses the students that receive the Clarkston Farm and Garden Scholarships.

Membership – This committee introduces Regular and Bloom **new** members to the club. Help new members to get familiar with the club in many aspects. Maintain and update the Club Membership Rosters when changes in Membership occur.

Downtown Planters - All members are requested to help with watering the planters (**3** designated planters one week per month all summer long) unless they are part of the Library watering team. The committee designs what will be planted and purchases materials for the planters.

Perennial Plant Exchange - the committee works the first Saturday of June to create a plant exchange as a community outreach. The committee works about two hours.

Greens Market - There are several committees within the Green's Market Committee, setup, arrangement making, oasis, sales, wreath and roping sale and teardown. All members are expected to work at least two shifts at the Greens Market.

Library Gardens - The committee plants, maintains, waters, and weeds the library gardens in summertime and early fall.

Garden Walk - It is usually set on Wednesday during the second week in July with 6 gardens touring around Clarkston vicinity. There are several subcommittees of the Garden Walk that all work together to create the summer fundraiser. Subcommittees are refreshments, Artisan Market, artists and musicians, hostesses, advertising, tickets and program booklet.

School Involvement - Part of the Projects Committee, 11 members are assigned to the 11 schools in Clarkston. In the elementary schools, we read a book connected to the Children's Garden at the Library to second graders. We host the Mammal Scramble which is a presentation by Indian Springs Metro Park Naturalist and we provide information to the school on Mini Grants.
